Dear Mrs. Pankowska,

On behalf of the Board of Directors of ESBRA and also very personally I want to express my sincere thanks for the organization of the 14th ESBRA Congress in Warsaw.

You and your team contributed very much to the success of this congress. The scientific organization as well as the social program was organized and performed in an outstanding way. Many of the participants gave enthusiastic comments to me about the whole congress. Since I had the pleasure to meet you personally before and during the congress, I realized that it was your special input professionally but also due to your personality also emotionally which made this congress in my opinion the best ESBRA congress ever.

Therefore, I want to thank you very much. It was great pleasure working with you and even more having had the opportunity to meet you.

With my greatest respect and best wishes.

Sincerely yours,

Helmut K. Seitz MD, AGAF

Prof. of Medicine

Past President ESBRA
